

Iyka stands behind its commitment to serve you with best of the breed domain knowledge, technology expertise, defined processes and structured teams. There is one goal to accomplish that is to be our clients' strategic partner and help improve your bottom line with use of Information Technology. We constantly strive to save you time and resources by focusing on sustainable innovative solutions and un-cluttering technology Infrastructure.

We know that to be efficient we can not expect one-solution fits all approach. We work with you, understand your need and provide a solution that is right for you.

Our team solves complex and difficult problems that are critical to the success and even the survival of our clients. We use best-in-class components and apply technology at scale and in sophisticated production environments. Iyka helps clients manage the complexity of their business processes, integrate those processes across divisions and companies and allow our clients to focus

on their core businesses

Iyka also partners with world class suppliers that meet the highest Industry standards to bring our clients the best of proven products, consulting services and technology services. Our clients experience consistent efficiency, effectiveness and positive business impact results that help them achieve their goals.

We are here to listen to you: your needs, suggestions, frustrations, expectations, and ideas. Give us a call and you would be taken best care of.

We look forward to working with you.

Thank you,

Poonam Gupta-Krishnan

President and Chief Executive Officer
